HUNAN UNIVERSITY OF CHINESE MEDICINE

湖南中医药大学

学校概况 University Overview

湖南中医药大学坐落于中国历史文化名城长沙，是湖南省重点建设本科院校，全国首批设立国家级重点学科的中医药院校，全国首批招收博士研究生、留学生及港澳台学生的中医药院校。现有含浦、东塘两大校区。

Hunan University of Chinese Medicine is situated in Changsha, a city renowned for its historical and cultural significance in China. It is a key undergraduate institution under construction in Hunan Province, recognized as one of the pioneering universities focusing on Chinese medicine in the nation to develop national key disciplines. Additionally, it was among the first to admit doctoral students, international students, and students from Hong Kong, Macao, and Taiwan as an institution dedicated to traditional Chinese medicine. Its two primary campuses are Hanpu and Dongtang.

在长期的办学实践中，湖南中医药大学始终秉承“文明、求实、继承、创新”的校训精神，恪守“人本、仁和、精诚”理念，遵循“质量办学、特色办学、开放办学”思路，以促进中医药传承创新发展、服务人类健康和经济社会发展为己任，立足湖南，扎根中国，放眼世界，加快建设教育强校、科技强校、人才强校、文化强校、质量强校、产业强校，深化综合改革，强化内涵建设，是我省中医药人才培养的重要基地、科研创新的示范高地、中医药产业发展和医疗服务的战略要地、中医药传承发展的文化重地，以及推动中医药走向世界的前沿阵地。

In its long-term practice of education, Hunan University of Chinese Medicine has been committed to the spirit encouraged by its motto: "Civilization, Pragmatism, Inheritance, Innovation". It also upholds the philosophy of "Humanity, benevolence, Sincerity", follows the approach of "Providing Education with Quality, Professionalism, and Openness", and takes it upon itself to support the inheritance and innovative development of traditional Chinese medicine (TCM), improve human health, and promote socio-economic development. Based in Hunan and rooted in China, the university operates with a global vision. It accelerates its development by leveraging education, science and technology, talent, culture, quality, and industry, while focusing on deepening reforms and strengthening its core capabilities. The school serves as a key base for cultivating TCM talent in our province, a demonstration hub for scientific innovation, a strategic location for the development of the TCM industry and medical services, a cultural center for the inheritance and development of TCM, and a leading force in promoting TCM to the world.

Our university consistently admits students from 45 countries and regions, with the number of international students ranking among the highest in higher education institutions in Hunan Province. We have established the world's first research-oriented Confucius Institute for Chinese medicine at Wonkwang University in South Korea. We also boast the only TCM service export base in Hunan Province. In addition, TCM centers have been set up in Pakistan, Cambodia, Dubai, and Zimbabwe. Furthermore, we co-founded the "International Laboratory for Innovation and Development of Chinese Medicine and Ethnic Medicine" with the University of Karachi to advance the clinical trials of three ready-prepared Chinese medicines: "Yinhuang Qingfei Capsules", "Houtou Jianweiing Tablets", and "Fuke Qianjin Tablets" in Pakistan. We have signed agreements for multiple collaborative projects with the Ministerial Standing Committee on Scientific and Technological Cooperation of the OIC (Organization of Islamic Cooperation). Our traditional Kung Fu troupe program has been included in the global Confucius Institute troupe for three consecutive years and has received invitations to conduct troupe in dozens of countries in Northern Europe, Southeast Asia, and Africa. The only academican workstation of Atta Academician in China - the "Belt and Road" Traditional Medicine Academician Workstation, is located at our university. We have also established the Liu Liang Academician Workstation to support the development of a TCM hub in the Guangdong-Hong Kong-Macao Greater Bay Area. Additionally, we actively participated in the "Ten Thousand Talents" program funded by the Ministry of Education, which promotes exchanges among faculty and students from universities in Hong Kong, Macao, and the Chinese mainland. We were also involved in the Taiwan Affairs Office's key exchange project, the "Hunan Chinese Medicine Cultural Tour", and other branding initiatives, earning titles such as "Universities Participating in National Key Educational Exchange Programs with Hong Kong" and "Universities Participating in National Key Educational Exchange Programs with Taiwan".
